Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

DROWNING IN QUALITATIVE DATA?
Start Coding.

- Gather evidence.**
- Notice trends.**
- Create codes.**
- Cluster & categorize.**
- Document**
Conduct observations. Complete interviews. Explore documents and artifacts.
Gather the data that are most responsive to the topics and questions guiding your study.
- Code**
Keep an open mind about what you are noticing. Make notations beside revealing data. Assign simple codes in the form of letters, words, or numbers. Apply consistently. Notice emerging trends.
- Categorize**
As you notice recurring patterns across varied points of data, cluster those findings and create a category for them. Consider how your categories address the questions guiding your research.
